EXAMINER'S AMENDMENT

The numbering of claims is not in accordance with 37 CFR 1.126. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not). The Applicant inadvertently skipped number 27. Therefore:

Misnumbered claim 28 has been renumbered 27.

Misnumbered claim 29 has been renumbered 28.

Misnumbered claim 30 has been renumbered 29.

Misnumbered claim 31 has been renumbered 30.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bruce Itchkawitz on September 8, 2008.

The claims have been amended as follows:

In claim 16, line 4, "light energy having" has been deleted and -- light energy with a predetermined power density and having -- has been inserted.

In claim 16, line 7, "the power density" has been deleted and -- the predetermined power density -- has been inserted.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art does not disclose or fairly suggest a method for treating Alzheimer's or Parkinson's disease by non-invasively irradiating a portion of the brain with light energy of a density such that at a distance of two centimeters below the dura the power density is at least 0.01 mW/cm². WO 199962599 to

Oron teaches non-invasively irradiating the brain with low level light energy at levels consistent with those of the Applicant, however, does not teach or suggest such treatment for Alzheimer's or Parkinson's disease. The Applicant explicitly requires the subject of the treatment to have one of the said diseases.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Henry M. Johnson, III whose telephone number is (571) 272-4768. The examiner can normally be reached on Monday through Friday from 5:30 AM to 2:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda C. Dvorak can be reached on (571) 272-4764. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
